Explaining a topic to the female expert	Ask a question already answered		Patronizing question	Tone Policing
"I think you're missing the point"	"Well, actually..."	Calling you by a pet name (that you didn't agree to)	Stream of useless assumptions	"Just to play Devil's Advocate"
"In my experience..."	"I'm just trying to help you understand"	Assuming a woman needs a man's help	Correcting a woman's statements	"Let me explain logically"
